nanobellen watertank voor onderzoek

Get started quickly and buy a nanobubble generator research tank.

nanobellen watertank voor onderzoek

water tank for nanobubble generators

- ✓ High quality research water tanks from perspex or clear PVC
- ✓ Some tanks contain a gas exhaust
- ✓ Invisibly glued

Acniti produces custom made water tanks for research. These tanks can be made from plexiglass or clear PVC. Tanks are produced in thickness sizes from 5mm to 20mm.

We have a standard tank for the miniGaLF and turbiti 707 and microstar fs302. When you have a specific request submit a specific design and we will accomodate to your needs.
